Overview: Sharable Link and My Storefront

Creating Your Sharable Link

To create your Sharable Link log in to Shaklee.com and select My Business.

Then use the link in the boxed area to select your Sharable Link.

Pro Tip: If you had a Personal Web Site at the time of migration, your Sharable Link has already been created for you.

Shareable Link

Your **free customized URL** lets you share specific shopping destinations with customers so they can easily order from you. It can be shared anywhere and any way you'd like, and most importantly, it's how you get paid for your sales of Shaklee products.

Tip: It's best to use your first and last name. Max 50 characters. No spaces or special characters.

NO, THANK YOU

What You Can Do with Storefront

- Spotlight your favorite product recommendations
- Create customized product bundles
- Easily edit your site and publish updates in real time

While not required, we recommend that you subscribe to Storefront to enhance your online e-commerce presence.

But if you aren't interested at this time, you can select NO, THANK YOU, immediately beneath the Subscribe Button.

Creating Your Sharable Link

Once you select your Sharable Link, use the top green navigation bar to select PROFILE.

You'll then see the Business Tools area and your Sharable Link will be listed there.

Success! You have created your Sharable Link. Now whenever you are logged in, you will be able to share links to all pages of the website, and receive credit for transactions that result. Great job!

If you had a PWS before the transition, you already have a Storefront.

You'll want to first verify. You do that by logging in to Shaklee.com and using the top green navigation bar to select PROFILE.
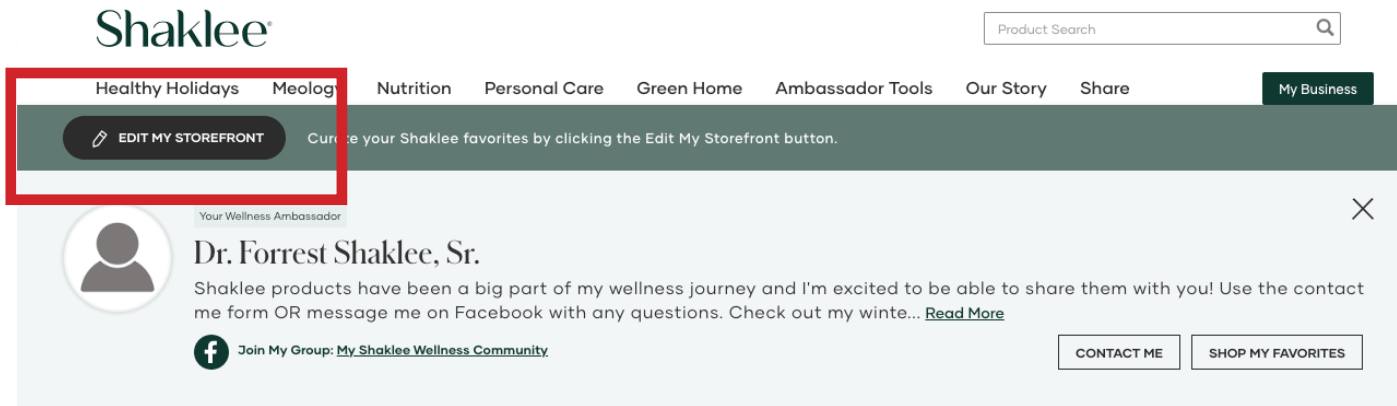

You'll then see the Business Tools area and you will see that you have a Sharable Link and an active Storefront.

To edit your Storefront, select MY STOREFRONT in the top green navigation bar, right next to Profile

Editing Your Storefront

Now you should see a preview of the default version of your Storefront.

Use the EDIT MY STOREFRONT button to begin customizing your Storefront.
Editing Your Storefront

You'll start by customizing your Basic Information, which is the information that will appear in your Shopping Companion.

Use the Fields to include the information you want to share with website visitors.

To add or update your photo select the camera icon in the corner of the thumbnail.

Editing Your Storefront

You'll get a pop up window that allows you to add a photo, use your initials or a Shaklee Leaf icon.

We recommend that you use a photo to add a more personal touch to your shopping companion.
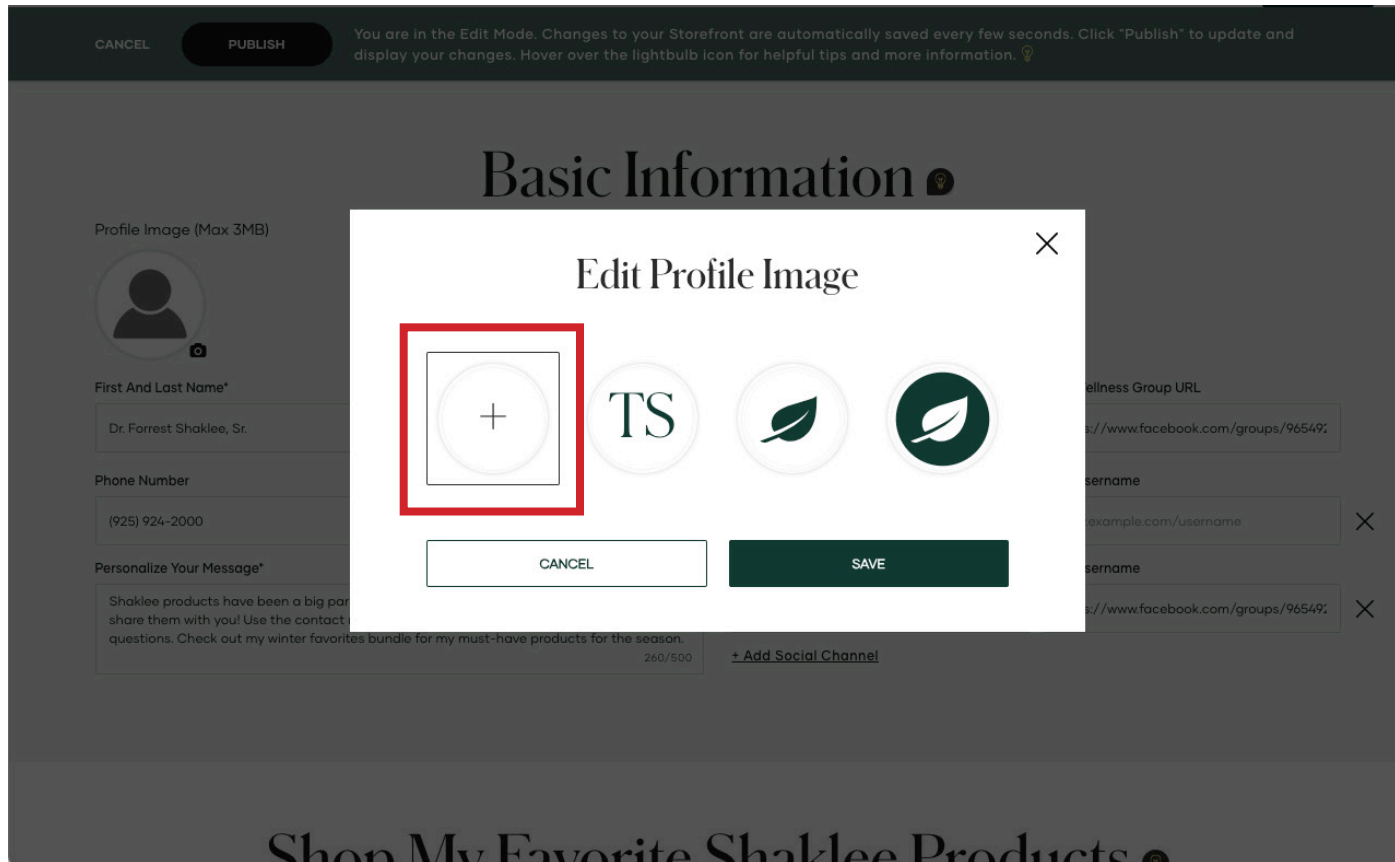

To add a new photo, select the trashcan icon in the lower left corner of the avatar.
Editing Your Storefront

Now that the generic photo avatar is gone, click the plus symbol to browse your files for a photo.

Once you've selected a photo, select save.

Editing Your Storefront

CANCEL PUBLISH You are in the Edit Mode. Changes to your Storefront are automatically saved every few seconds. Click "Publish" to update and display your changes. Hover over the lightbulb icon for helpful tips and more information. 💡

Now that your favorites are set, it's time to create some bundles!

These are collections of products that you recommend to customers or visitors to your site.

Of note: Each bundle must have a minimum of 3 products and a maximum of 5. Bundles cannot include pre-existing Shaklee bundles (for example, Ready Set Wellness).

Your Storefront will default with the Create a Bundle section open to start at least one bundle. If you don't want to create a bundle and just want to publish your site with your basic information and favorites, you need to delete the bundle before publishing.
