

How to Share a Shopping Cart

(May 2025 Update)

Make sure you get credit for every order and enrolment!

We've introduced a new feature that allows you to share a cart with your favourite products and a Business Starter Kit, even if you're not logged into your Shaklee account.

Step 1: Add Items to the Cart

Add all desired products to your cart, including a Business Starter Kit if applicable.

Step 2: Click "Share Cart"

Once your cart is ready, click the **Share Cart** link. A new pop-up window will appear.

- If you're **logged in**, your Ambassador site name or Shaklee ID will be automatically filled in, and your unique shareable link will be generated.
- If you're **not logged in**, you'll be prompted to enter your Ambassador site name or Shaklee ID. You won't be able to continue until that information is verified. Once verified, your unique shareable link will be created.

A screenshot of a 'Share Cart' pop-up window. The window has a title bar with a close button (X) in the top right corner. The title 'Share Cart' is centered at the top. Below the title, there are two input fields: 'Your Ambassador site name' with the placeholder 'e.g. sitename' and 'Shaklee ID' with the placeholder 'e.g. BG81880'. These fields are separated by the word 'OR'. A 'SEARCH' button is to the right of these fields. Below the search fields is a 'Recipient email address' field with a red asterisk and the placeholder 'name@example.com'. Below that is a 'Subject' field. Below the subject field is a 'Personal message' field with a red asterisk and a large text area. Below the message field is a 'Shareable Link' section with a placeholder 'Enter your site name or Shaklee ID to generate link.' and a 'SEND' button at the bottom.

Note: If you **haven't created your personalized link** yet, you'll be asked to do so before using the Share Cart feature.

There's One More Thing You Need to Do

Please create a shareable link before sharing a cart with your customers. **Create Your Personal Link**

Step 3: Share the Link

You have three ways to share your cart:

- **By Email** – Enter the recipient's email address and add a personalized message directly in the pop-up.
- **Copy and Paste the Shareable Link** – Copy the link and share it however you prefer (text, DM, etc.).
- **Use the Share Directly Buttons** – Select from available sharing options (like SMS, or Facebook) at the bottom of the pop-up.

How to Share a Cart with Someone in Another Country

To share a cart with someone in a different country:

1. Change the country on the website to the recipient's country.

2. Add products available in that country to the cart, including a Business Starter Kit if applicable.
3. Click **Share Cart** and follow the same steps as above.

This ensures that the recipient sees the correct products and pricing for their location and that you receive credit for the order.
